

A HAVEN OF CONTEMPORARY LUXURY

SURROUNDED BY THE BEAUTY OF NATURE

10 minutes away from Geneva International Airport and Geneva Palexpo, the Jiva Hill Park Hotel welcomes you at the heart of its 86 acre private estate, magnificently situated at the foothills of the Jura Mountains facing the majestic Mont Blanc. Surrounded by parkland, discover this unique establishment and our very own contemporary vision of luxury exuding elegance and discretion. Welcome to your new home away from home near Geneva.

The interior design is the creation of Architect-Designer Jean-Philippe Nuel, who installed all the hallmarks of contemporary luxury in a venue situated right in the middle of the countryside. The Jiva Hill Park is a mixture of different influences and inspirations, such as the lodges typical of South African hotels or the use of wood and metal frequently found in Canadian and Scandinavian architecture. The very pure and refined design of the Jiva Hill Park Hotel gives priority to comfort and the preservation of the environment.
